The Judiciary is comprised of the Superior Court of Guam and the Supreme Court of Guam of which both the trial and appellate courts provide for the settlement of disputes between parties and protects the rights of individuals as mandated in the Organic Act of Guam and the Constitution of the United States of America.

The Judicial Council of Guam is the governing body of the Judiciary of Guam- Pursuant to law, it is composed of all full-time Justices of the Supreme Court, the Presiding Judge of the Superior Court, and an appointed Superior Court Judge. What's next in 2019

Adoption of Criminal Justice Automation Commission

Since 1993, the Criminal Justice Automation Commission has guided improvements to the court's case management system, the criminal justice information system, island-wide fingerprinting system, the technologies in Guam patrol cars that link these systems, and a host of other improvements to support the law enforcement needs of our public safety agencies. The ad-hoc commission has continued to operate as the governing body focused on building and strengthening Guam's criminal history records infrastructure. Technology has enlarged the scope of the judiciary's responsibility to preserve the American tradition of open courts. We must have the opportunity to enhance the public's ability to observe and participate in the judicial process through technologies-this policy framework does much to establish electronic access policies and will identify fundamental steps in the development of our respective and integrated action plans.

Appointment of Eighth Superior Court of Guam Judge

For three years, the Judiciary has sought legislative support to authorize and fund the appointment of an Eighth Judge to the Superior Court of Guam. An additional judge will tackle the Branch's complex caseload and help eliminate backlogs. Having this additional judicial officer will complement and enhance the fulfillment of our core mission – to provide optimal service at the Guam Judicial Center and the Northern Court Satellite – service that is expeditious, effective, and efficient.

Judiciary of Guam Historic Courthouse Project:

The Judiciary of Guam is seeking out funding to start the process to modernize the Historic Courthouse Building. In 2018, the Old Court Building was added to the National Register of Historic Places. As efforts are underway to renovate the Route 4 Building to relocate the Probation Services Division, the Guam Historic Preservation Trust has committed to work with the Judiciary on the modernization project that would convert the Old Court House into a new Supreme Court of Guam. The project will preserve the historic nature of this building including the unique architectural, mural and stone features of the interior.
