

NEWS RELEASE

Guam Office of Public Accountability Cleans Paseo Plaza

The Office of Public Accountability's (OPA) Strategic Plan for FY 2015 includes at least one community service activity every quarter. OPA believes that by helping our community, even in the smallest way possible, our island greatly benefits.

On Tuesday, July 14, 2015, equipped with rakes, trash bags, dustpans, and brooms, the OPA management and staff picked up all kinds of trash at the Paseo Plaza. We quoted a poem the Public Auditor would tell elementary students, "Litter, litter everywhere. Pick it up to show you care". OPA is not only ensuring transparency and accountability in our government, but also cares for Guam's environment.
