KUSINAN KAMALEN KARIDAT

From helping agencies improve their performance and ensure transparency and accountability, to extending a helping hand to our community, the Office of Public Accountability (OPA) makes every possible effort to help meet our island's needs.

On September 9, 2016, OPA extended a helping hand and participated in feeding our less fortunate brothers and sisters at the Kusinan Kamalen Karidat. OPA provided and served dinner to about 40 people.

This Community Service event was part of OPA's Strategic Plan.
